EDUCATION

- **Techno Bengal Institute of Technology** Kolkata, India
Bachelor of Engineering in Electrical and Electronics Engineering (CGPA: 7/10) Aug 2023 – Jul 2027

PROJECTS

- **Chattix**
Full Stack Chat Application — Live — GitHub
 - **Architecture:** Built a scalable real-time chat application using the MERN stack with a client-server architecture.
 - **Authentication:** Implemented secure authentication and authorization using JWT with protected routes.
 - **Real-Time Communication:** Enabled instant messaging using Socket.IO for real-time user interactions.
 - **API Development:** Developed RESTful APIs for user management, messaging, and conversation storage using Express.js and MongoDB.
 - **UI/UX:** Designed a responsive and user-friendly interface using React for cross-device compatibility.
- **Skillora**
Frontend Web Application — Live — GitHub
 - **Web Design:** Designed an educational platform using HTML and CSS with a focus on clean UI.
 - **Responsive Layout:** Implemented responsive layouts for desktop, tablet, and mobile devices.
 - **User Experience:** Enhanced content structure and navigation for improved engagement.
 - **Deployment:** Deployed the application on Vercel with optimized performance.
- **FaceApp**
Face Recognition Web App — Live — GitHub
 - **Frontend Development:** Developed a real-time face recognition web application using React.
 - **Face Detection:** Integrated face-api.js for face detection, landmark recognition, and expression analysis.
 - **Webcam Integration:** Implemented live webcam streaming with canvas overlays for visual feedback.
 - **Performance Optimization:** Optimized model loading and rendering for smooth real-time performance.
- **Discord Chatbot**
Automation Bot — GitHub
 - **Bot Development:** Developed a Discord chatbot using JavaScript and the Discord API to automate server tasks.
 - **Command Handling:** Implemented custom commands and event listeners for efficient interaction handling.
 - **Server Utilities:** Added moderation and utility features to support community management.

EXPERIENCE

- **GirlScript Summer of Code (GSSoC)** Remote
Open Source Contributor Summer 2024
 - **Open Source Contribution:** Contributed to open-source projects by fixing bugs, improving documentation, and adding features.
 - **Tech Stack:** Worked with Git, GitHub, JavaScript, and REST APIs in a collaborative environment.

TECHNICAL SKILLS

- **Languages:** C++, JavaScript, Java, C, SQL
- Frameworks & Tools:** React, Node.js, Express.js, MongoDB, Git, GitHub
- Other:** REST APIs, HTML, CSS, Data Structures and Algorithms
